1. The proposed operation was recommended by AMGUTLER-1. He has contact with several groups here. He has been unable to get in touch with them because of shortage of staff. From him, he has NO CR APPROVAL. Most of the groups he has contact with are AMERICANS, CUBANS, and CHICAGO. They are mostly Peasants, Farmers, and CPC.

2. Groups have come to use offering no funds. There are various boats here. They are mostly small. They are unimportant because they are untrained. More than 50% of these independent operations are not successful. They will bring their boats out in very weather and then want us to pay for repairs. Security is problem of loading boats. It is in the nature of people that they would be supported in finance, but not until capable crews and good boats.

3. Next tentative operation proposed by AMGUTLER-1. There are six fishermen who have boats here (MILAN), Cuban sailors, which can go in and out. We are investigating this. We have run one operation with this group. It looks good and we are going to develop.

4. Another independent, AMGUTLER-1, he has contact with OSVALDO RAMIREZ in Macarthur who desires support. We have given him guidelines for operations. Claims he has 8-10 men with training and have infiltrated several small people. We are trying to bring him back to group from which he came.

5. GARCIA BRITO - This group has tested radio operation here and recently moved in Los Villas. Question of time and lack of communication with internal agents.

^{SAME}
Independent sub group of OSCAR DIAZ wants/same previous group. Claim they can hit targets throughout Cuba. Also associated with Comte Aguero. WAVE experience with this man is such that we don't look kindly on this request. As member of FDR military he made things difficult.
